

The collage consists of approximately 40 individual posters and flyers, each promoting a different event or initiative. The events are organized by various groups and municipalities, including Terdelst, MPOST, Energie, Helmets, and others. The posters cover a wide range of topics such as energy efficiency, mobility, community gardens, and local food production. Many posters include specific dates, times, and locations for the events. The visual style is diverse, with some using simple line art and others featuring more detailed illustrations or photographs. The text is primarily in Dutch and French, reflecting the bilingual nature of the community.
