

A photograph of a garden path. On the left, there are several green plants, including what appears to be a young tree or large bush. In the background, a large brick bridge with multiple arches spans across the scene. To the right of the path, there is a wooden trellis structure covered with green vines. The sky is blue with some white clouds. The text 'LE JARDIN GRAY-COURONNE à Ixelles' is overlaid in yellow on the image.
